

| Özellikler / Specifications       |                                           |
|-----------------------------------|-------------------------------------------|
| Ölçü / Dimension                  | DN65, DN80, DN100, DN125, DN150, DN200    |
| Basınç Sınıfı / Working Pressure  | 16 bar                                    |
| Test Basıncı / Max. Test Pressure | 24 bar                                    |
| Çalışma Sıcaklığı / Working Temp. | +4°C / +100°C                             |
| Montaj Şekli / Mounting Type      | Dikey veya Yatay / Vertical or Horizontal |
| Bağlantı / Connection             | Wafer Tip / Wafer Type                    |

| Vana Ölçüsü<br>Nominal Size | Ölçüler / Dimensions (mm) |       |      |      | Ağırlık / Weight (kg) |
|-----------------------------|---------------------------|-------|------|------|-----------------------|
|                             | A                         | B     | C    | D    |                       |
| DN65 - 2 1/2"               | 127,0                     | 91,0  | 45,5 | 24,0 | 1,6                   |
| DN80 - 3"                   | 141,0                     | 107,0 | 64,0 | 22,0 | 2,8                   |
| DN100 - 4"                  | 162,0                     | 139,0 | 64,0 | 22,0 | 4,0                   |
| DN125 - 5"                  | 192,0                     | 162,0 | 70,0 | 28,0 | 5,5                   |
| DN150 - 6"                  | 219,0                     | 192,0 | 76,0 | 32,0 | 8,0                   |
| DN200 - 8"                  | 272,0                     | 245,0 | 79,0 | 35,0 | 13,5                  |
